CLEAN & STRONG PREMIUM PROPAGATION TRAY

THE FIRST AND ONLY

Black & White Premium
Propagation Tray on the Market

NEW!

features

Clean

- Premium grade virgin materials for cleanliness and durability.
- Premium white plastic for increased light reflectivity.

Strong

- Reinforced outside shell made from recycled materials provide strongest support to date.
- Black base prevents light penetration to the root zone and reduces the chance of root disease.
- Best design 1020 flat (standard propagation tray) on the market.
- Perfectly fits all Mondi Mini Greenhouses.

PAT PENDING

Super reinforced sides and lip, thick plastic and UV protection for durability and long life.

Engineered tray-ends add extra strength, making them easier to carry and move.

Deep, continuous channels and 'level fit' wide ridges prevent water pooling and provide better stability for propagation media.
