## metal stakes

4', 5', 6' 16mm (each)

- MONDI Metal Stake is a plastic coated steel stake that is protected at both ends to prevent rusting and have a rough surface allowing for a better grip for cable ties.
- They are long lasting and ideal for reusable applications to support growth of tall plants that may otherwise hang or fall over

**model #G454, #G455, #G456**
