

Mondi™ Utility & Sump Pump 1585X Gold Series (Model# C100)

The **Mondi™ Utility & Sump Pump 1585X Gold Series** is a high-performance, multipurpose solution for water control across agricultural, horticultural, and indoor environments.

Mondi™ was the first to introduce a high-powered, oil-less (water-cooled) pump in this category—setting a new standard for clean and efficient water management.

KEY FEATURES:

- Heavy-duty, oilless (water-cooled) pump
- Powerful ½ HP motor pumps up to 1,585 GPH
- Multipurpose: ideal for indoor flooding, irrigation, and water recirculation
- Durable casing with extra-long 20 ft (6 m) grounded cord
- Includes industrial and garden hose fittings
- Strong, long-lasting, and economical design
- Backed by a two-year Gold Series warranty

RECOMMENDED FOR:

- Indoor flooding
- Plant watering and irrigation
- Water recirculation systems
- Agricultural and horticultural applications
