## Mondi™ Mini Greenhouse 7" Jet Black with Easy Vents (Model# D102-10)

**Mondi™**, the original inventors behind the design, style, and performance of the patented Mini Greenhouse, introduces the latest innovation of the **7" Jet Black Mondi™ Mini Greenhouse**—the ultimate humidity dome for mushroom cultivation and light control in highly illuminated environments.

**Now manufactured using Avara Technology**—a proprietary, food-grade material that is BPA-free, non-off-gassing, reusable, recyclable, and contains reclaimed ocean plastics—this dome sets a new benchmark in durability, safety, and environmental sustainability.

### KEY FEATURES:

- **NEW! Avara Technology – Proprietary Food-Grade Material**
- **NEW!** Constructed from thick, **black**, high-grade material for mushroom cultivation and light control in highly illuminated environments
- **The original patented 7" design** for optimized growing space
- Made with BPA-free, non-off-gassing materials
- Perfect 2-Finger Easy Vent ensures precise humidity regulation
- High light and UV exposure protection
- Available in multiple dome sizes to suit various propagation stages
- Reusable and recyclable, contains reclaimed ocean plastics

### RECOMMENDED FOR:

- Mushroom cultivation
- Humidity control
- Use in highly illuminated environments
- Perfect Fit system securely pairs with all standard 1020 trays

#### MONDI™ MINI GREENHOUSE 7" JET BLACK WITH EASY VENTS (MODEL# D102-10)

Article no. **100102**

Height: **7.5 in**

Length: **21.5 in**

Width: **11 in**

Case: **50**

Case Weight: **28.6 lb**

Legacy. no. **G101**
